

Let us know **what you think!**

College of the North Atlantic wants to hear from you, our students.

Starting March 20th, the college will undertake a college-wide Course Evaluation Project and allow students the opportunity to provide feedback and input on their programs and courses, including labs, shops, clinicals/work-terms and more.

Your feedback will help us improve the learning experience for you and for all future students.

So how do you help? It's simple – log into your college email account and click the link provided in the email we've sent to you (subject: Course Evaluations 2017) and complete the short survey. You can do this on any computer with internet access – and even on your mobile phone or tablet.

The survey closes on April 13, 2017, so don't delay. Check your college email account on March 20th and have your voice heard. **Make your opinion count!**

The logo for CNA, consisting of the lowercase letters "cna" in a white, bold, sans-serif font, centered within a solid green square.
