NOTE:

- Prerequisites - When registering for courses, please take note of the prerequisites. A prerequisite must be completed before registering for a subsequent course.
- Students must achieve a grade point average of 2.0 or greater to meet graduation requirements. Use the GPA calculation table to calculate your GPA.
- While it is possible to complete the required 40 credits by doing 5 courses per Fall/Winter Semesters, students who select courses with a credit value of 3 or less may have to complete more than 5 courses per Fall/Winter Semesters to achieve graduation requirements. The maximum number of courses per Fall/Winter Semester is 7 but it is highly recommended to stay within 5 courses per Fall/Winter Semesters.
